New book: "The Crown of Aragon. A Singular Mediterranean Empire"

Edited by Flocel Sabaté

[The Crown of Aragon. A Singular Medieval Empire](#) [

The Crown of Aragon was a Mediterranean crossroads: between west and east for the economy, and between north and south for culture and religion, drawing in many different peoples, covering Iberia to Greece. A new vision of the Crown of Aragon as a framework of overlapping identities facilitates its historiographical recovery, showcased in the chapters of this volume which analyse the economy, institutions, social evolution, political strategy and cultural expression in literature and art of the Crown of Aragon.
